

POWER GENERATION

COMPONENTS

Reliable power generation is crucial for society, technology, and economic growth. Durable and high-quality components are vital for longevity. With over 6,000 products in our general catalog and opportunities to customize components, we take pride in bringing you a vast selection of functional, size, and material products.

Sugatsune offers a comprehensive lineup of components hardware with high load capabilities, quality, and precision. From hinges, catches, latches, and linear glides, Sugatsune has provided solutions to OEMs and design-build firms in the U.S. for over 40 years and continues to maintain stock locally in the U.S. for your convenience.

HINGES

Spring Loaded
Pivot Hinges
HG-PV60AC

Concealed
Hinges
HES3D Series

Concealed Torque Hinge
(for sheet metal)
H95TSH-F

Lift Off Hinge
S-6173-5, S-6166-6

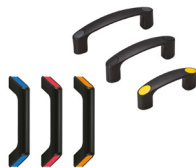

Stainless Steel
Butt Hinges
4040/SS, LSF, 28 Series, KHA

HANDLES & PULLS

Stainless Steel
Folding Handle
HKM Series

Handles
SJH, MJH

Recessed Pulls
HH-KS, HH-DS,
HH-K

Aluminum Pipe
Handles
MTH

Stainless Steel Push
Lock Fastener
152FT

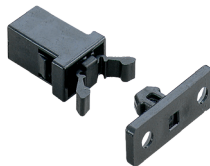

CATCHES & LATCHES

Flush Slam Latches
LC-48, LC-65

Tension Catches
BCTS

Non-Mag. Mini
Touch Latches
ESN-195-3.1, PR-4PK, MC-37

Magnetic Catches
MC-159, MC-YN005

Stainless Steel
Lever Latches
LL-66S

LINEAR GUIDES

Aluminum
Mini Slides
AR3-16

Full Extension
Slides
ESR-10

Multi-Roller Linears
MLG20, MLG-20C,
MLG-20-P55-40

Glide Systems
MRS Series
